** Includes 1 adult and all children under 18 within the same household		
*** Full-time student with ID		

1. What is the monthly fee for a family with one adult and two young children living in the same house?

A	\$51.00	C	\$150.00
B	\$42.00	D	\$100.00

City Health Services announces a new project to educate young people on maintaining good health. CHS will coordinate with local schools to reach out to teens identified as having potential health issues. Teens aged 13 to 18 will receive a complete health appraisal. Training topics will include nutrition, exercise, and healthy weight-loss strategies. The focus will be on self-image, fitness, and food. Participants will identify healthy meals, develop exercise plans, and examine lifestyle choices.

2. What is the purpose of the new project?

A	to teach young people how to stay healthy	C	to provide nutritious meals for young people
B	to identify schools with unhealthy conditions	D	to interest teenagers in health care careers

From: Gary Tan
To: Building tenants
Subject: Status of the elevator

As you may know, over the last few months I have received complaints from tenants in many of the offices in our building that the elevator has been malfunctioning. When the elevator first stopped working in June, I called the service manager at the elevator company, who sent out a technician. The technician got the elevator working again, but three weeks later I received more reports of employees getting stuck in the elevator. I again called in a technician for repairs.

After another breakdown two weeks ago I asked for a thorough assessment of the elevator to see why problems are recurring. The company reported that they would need to replace a set of relays in the controller and said they had ordered the parts. Repairs are scheduled for next week.

I am very concerned that your employees, a number of whom are disabled, still cannot use the elevator. I understand that this situation is frustrating for all, and I apologize for the inconvenience to your staff. I do hope the next repair will be the last one.

Gary Tan
Property Manager

3. What is delaying the next repairs on the elevator?

A	The elevator company has not responded.	C	The parts needed are not in stock.
B	The technicians are not available now.	D	The exact problem needs to be identified.

Handy Hardware store is a small, family-owned business that has managed to survive despite the fact that there are several large chain hardware stores throughout East City. Handy's has a loyal customer base and they do a good business. Many people go to Handy's because of the friendly service and fair prices. It is located not far from a residential area, so many people can walk there. The owner, Ed Handy, knows many of his customers and they like and trust him.

Ed has heard that a large chain store, Home Helper, is opening a new store not far from Handy's, and he is very concerned that he won't be able to compete. His prices are reasonable, but because his store is small, he doesn't have the huge volume of merchandise and the many selections that Home Helper has. His store cannot carry large items such as lumber and appliances, and it doesn't have nursery or gardening supplies either. Ed realizes it is convenient for shoppers to be able to buy many things in one store.

4. According to the situation described what is Mr. Handy's concern?

A	He may not be able to maintain his prices.	C	His store may not be able to carry many large items.
B	He will lose customers to the larger store.	D	The larger store will buy up all the merchandise.

Handy Hardware store is a small, family-owned business that has managed to survive despite the fact that there are several large chain hardware stores throughout East City. Handy's has a loyal customer base and they do a good business. Many people go to Handy's because of the friendly service and fair prices.
