

Dear Principal,

We are all students in Adam Kieffer's ELL 5 class. As new immigrants from all over the world, we can learn English here for free. This is very helpful for our future work and life in the United States. We are very lucky.

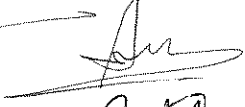

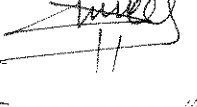

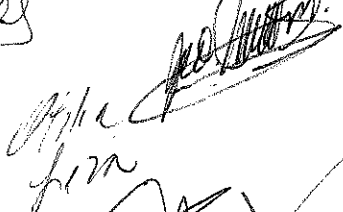

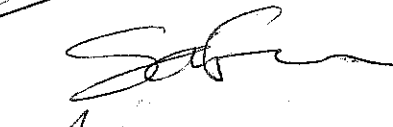

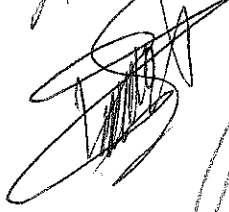

All the students in our class would especially like to thank our teacher.

Teacher Adam is very dedicated to his work and is responsible for every student. The class is humorous, informative, and he answers our questions. He is very patient and makes us interested in learning English. We don't feel bored. We enjoy his class and we thank him very much for our experience in class.

Here is all the students' heartfelt thanks to the school leaders and our teacher Adam! We will definitely continue to study hard. Thank you for providing us with a good school and excellent teacher Adam. Kieffer's!

Sincerely,  Deka

All the students & Yun Ma,

      
      
      
Good job.  Batatu
